Pre-Meeting Minutes
Chairman Kevin Ka Ngok Cheng, Presiding
5:00 PM

1. RSO Presentations
    a. Illini Field Hockey
       i. Have not yet applied for an application. Missed the Fall 3 deadline
due to another team being unresponsive. The application would
be for a game against Northwestern and is taking place on
October 29th. This is the most important event of the semester
according to the Treasurer of the organization. They are
requesting funding for travel to Evanston, IL for the
abovementioned game.
    b. Student Alumni Ambassadors
       i. The Treasurer of Student Alumni Ambassadors is also the
Treasurer of an organization called Dipping Things in Chocolate. In
error, the Treasurer submitted an application on behalf of Student
Alumni Ambassadors instead of Dipping Things in Chocolate for a
chocolate fountain. They would thus like to transfer the amount
allocated to Student Alumni Ambassadors in the Fall 2 period to
Dipping Things in Chocolate for the chocolate fountain.
    c. Cross-Country Club
       i. The cross-country club filed for an application for both the Men’s
and Women’s team in the Fall 3 period for their National
Competition. The organization would like to clarify that the Men’s
and Women’s events are separate and thus funding maximums
should be applied to the events on a separate basis. They are
requesting money for travel and lodging for the abovementioned
Competition.
    d. Combotics team 1, Combotics 2, Combots 2020, Robobrawl, MRDC,
MRDC Team 2020, iRobotics
       i. iRobotics provided graphics to all of the Board members regarding
how the organization is structured and how Combotics team 1,
Combotics 2, Combots 2020, Robobrawl, MRDC, and MRDC Team
2020 fit in. The iRobotics bylaws explain that Combotics team 1,
Combotics 2, Combots 2020, Robobrawl, MRDC, and MRDC Team
2020 are all organized underneath iRobotics. The Treasurer would
like to note that the bylaws have not been updated in a significant
amount of time (2 years). The Treasurer also explained that
iRobotics was original formed as an umbrella organization to help
organize the many robotics organizations on campus. The Treasurer explained that one of the main purposes of iRobotics is to centralize funding to allow students to work on robots instead of looking for funding. However, SORF funding is not centralized. The organizations listed above would like to clarify that each of the abovementioned organizations are separate and thus should be considered as separate entities in regards to SORF funding.
